

**The King James Version, KJV, Holy Bible can be quoted free of charge. All other 'bible' versions are copyrighted, so if used to quote should pay their authors a fee.**

**The King James Bible, KJV. has been used for 414 years (Free of Royalties) to evangelize the world. It is the Bible that's been used by more Preachers, more people, than any Bible in history. It makes a certain sound, as explained here, <https://www.alemattec.com/paul's2d.htm>.**

**King James is really simple, but it is a study Bible.** You don't read it like a novel. It is pretty easy, with a couple of simple rules – **words with a 'T' are singular: thou, thee, thy, thine** each refers to the individual being spoken to **as opposed to ye, and you. Ye is plural**, and interpreted as **you; both ye and you are confused in new versions.**

These “old fashioned” pronouns really matter – especially given that most modern 'bible' versions have replaced them with simpler, more familiar words. As an example, modern translations typically replace “ye” with “you.” While that change may seem reasonable, readers must understand that dropping the use of the Elizabethan pronouns necessarily obscures the meaning of the Greek and Hebrew words that underlie our English translation. In fact, when translators change “ye” to “you,” THEY ARE IN EFFECT changing God’s words!

**Ye is plural, (all of you,)** not just you or the one being spoken to. **Ye, plural,** means everyone there or everyone in the future who reads what is being declared in Holy Scripture, the Holy Bible.

Let’s take a closer look at the issue. Recall that the New Testament is translated from Greek. Biblical Greek differentiates between singular pronouns that refer to one person (Words with a 'T', i.e. **thou, thee,**

**thine are singular** and are referring to the person being spoken to); plural pronouns on the other hand refer to multiple people (mistranslation of ye (plural) to you, (singular)). Biblical Greek ALSO differentiates between pronouns that serve as subjects and objects in a sentence. Unfortunately, modern English no longer maintains a system of pronouns that bear the same level of precision. Fortunately, though, the Elizabethan English of our King James Bible utilizes a system of pronouns that perfectly reflects, matches the precision of the original Greek.

You may be wondering if this level of grammatical precision is actually important or necessary. Consider the King James translation of **John 3:7**, (**John 3:1-7** <https://www.biblegateway.com/passage/?search=John%203%3A1-7&version=KJV>) Showing you the whole conversation, but **John 3:7** is the example, is the issue. There, the Lord Jesus Christ of Nazareth said, "Marvel not that I said unto **THEE** (thee singular, **i.e. You.**) (singular, object form), **ye (plural)** (plural, subject form **ALL**) must be born again." The use of these precise pronouns in the King James translation makes it clear that, while the Lord Jesus Christ was speaking to one man, Nicodemus, The Lord Jesus Christ's message was that **ALL people** who believe on Christ Jesus must be born again. However, the New International Version (NIV) obscures the fact that **ALL must be born again**; It translates **John 3:7** as "You should not be surprised at my saying, You must be born again." Thus, people might say that Nicodemus was being singled out, like the thief on the Cross, and that others there need not be born again, and thus neither do **ALL** who claim the name of Christ Jesus. All the new 'bibles' mistranslated in the same way.
